ABOUT US

The Heritage Humane Society is Greater Williamsburg's largest animal shelter. In 2025 alone, we helped more than 1,900 animals find their way to forever happiness.

This life-saving work truly takes a village. Each of those 1,900 animals requires nourishing food, medical care, daily walks and enrichment, and a whole lot of love. Our building continues to age, we have increased staffing needs, and more and more animals find their way to us each and every year. We need your help, and we look forward to coming together in community at this year's gala FOR THE PETS!
